

TRUONG HOANG QUOC DUY

FRONT-END DEVELOPER

ABOUT ME

With a big interest in Software Development, I have taken 5 projects during University and had hands-on experience in Web Development.

In the next three years, I want to be a Senior Full-stack Software Engineer. I am a software engineer and have a knowledge of English.

I'm confident that I am different:

- Eager to learn - The more you learn, the more useful it is
- Courageous and not afraid to fail.
- Strong creative and analytical skills.

Birthday: Nov 22nd, 2000
